DETAILED ACTION

Allowable Subject Matter

Claims 14-16 are allowed.

The following is an examiner's statement of reasons for allowance:

Amendment and arguments submitted on 4/30/07 are persuasive in overcoming the prior art rejections. Specifically, arguments are persuasive in identifying that Lien fails to disclose orientation controllers that have both "portions extending along the direction in which said one or more slits extend" and "control the orientation of a liquid crystal in reverse about the orientation controllers" (see Remarks Page 8).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
